Lester, PA 19113-2090

RE: Pre-Final IR Program Site 07, Calf Pasture Point  
Phase III Remedial Investigation  
NCBC Davisville, Rhode Island  
Submitted 30 April 1998, Dated April 1998

Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management (RIDEM) has reviewed the above referenced document. In general, RIDEM concurs with the findings in the document and that the plume has been adequately characterized. Please be advised that RIDEM cannot approve of the document until the validated data has been obtained. In addition, on page 7-9, Section 7.8, last sentence in the first paragraph it is stated that GB groundwater requires treatment. Please revise this sentence to state that GB groundwater is presumed to require treatment.

If you have any questions or require additional information please call me at (401) 222-2797 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.  
Principal Sanitary Engineer
